

The Global Entrepreneurship & Innovation Leadership Pre-College Course

Founded by Dr Jack McGourty, Columbia University Adjunct Faculty & Author

About the program

Venture for All® is a global entrepreneurship program that successfully serves talented students and professionals who seek to innovate and thrive in an ever-evolving global environment. It offers comprehensive, world-class interactive learning experiences that enhance students' ability to apply entrepreneurial thinking and contemporary leadership practices.

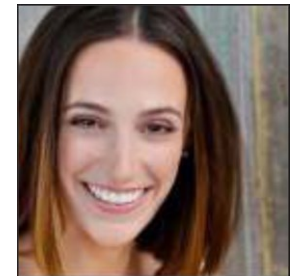

Since 2012, our Venture for All® programs, designed by prestigious university faculty, have educated thousands of students & executives on the steps necessary to create, develop, and launch innovative programs, products, and ventures.
